Catherine Louis

Catherine Louis is a Certified Scrum Trainer, independent agile coach, and founder of CLL-Group.com and PoDojo.com. Catherine has over twenty years of experience in complex product development. Her focus is on product discovery and delivery using design thinking, agile methods, agile R&D, and managing organizational agile transitions, fostering change to build speed and flexibility in business. Her specialty is accelerating innovation by enabling agile methods. She helps small startups as well as large enterprises to inspect and adapt, to evolve and improve, to deliver the right thing, and to delight their customers.

Slides not available at time of production. Please check back post-conference for updates.
