Rick Faulise

Rick is a multi-dimensional, technology executive and immensely passionate IT professional who holds extensive experience of working in the Software industry. Equipped with a formidable blend of knowledge and understanding of pioneering new automation technologies, he excels in the niches of methodologies and new platforms such as AI, mobile devices, streaming devices, TV's, and autos. He is motivated and inspired by the drive to contribute to the growth and cultivation of prosperous automation communities. With more than 18 years of experience serving as a management leader and had the honor of serving high-profile companies/organizations as a QA Lead/Manager Role for both automated and manual testing efforts. As a Leader, Rick's primary objective is to lead implementation of new technologies and expand the training capabilities. He has achieved a great deal of acclamation and recognition for his work, and is always on the lookout for an opportunity to strive for a higher level of professional career success.
